Riverside RV Village September Newsletter

Highlights from the Board [Click here](#) for Board Meeting minutes.

Riverside RV Village is showing many signs that tell us the fall season is here. Tarps are appearing. Patio furniture is disappearing. The park is quiet. Many of you have closed up for the winter and the Snowbirds are getting ready to fly.

Wherever your travels take you this winter, whether it be home or further afield we wish you good health and safe journeys. For those of you staying in Alberta there will be a New Year's Eve Event at the Clubhouse and the burn pile will be lit earlier in the day. By the size of that pile it should be pretty spectacular.

Next spring you will find a cardboard recycling container for our park. It will be located at the front beside the waste bins. We hope everyone will break down their cardboard and get on the recycling band wagon.

Watch for the snail mail we will send out in November/December that will include the budget and your condo fee notice.

This month we welcome new owners to Lots 82 and 155.

Check out our great website at: riversidervillage.com. If you are selling your property there is now a link on the website where you can advertise for a nominal fee. Thank you to Gary Coombe for his ongoing hard work in making this a valuable, informative resource for our park. This site and our Facebook site will provide all Owners with up to the minute park information.

Water Shut Down

The water system was shut down on Monday, September 28th as scheduled. Sewers are still open and a notice will be put on the front message board when the sewer plugs go in. After that, please do not use the sewers. Also please be aware that during water shutdown in the fall and turn on in the spring, it is necessary for Board Members or those volunteering with them to access your property to blow out the water lines, pump antifreeze into the system or turn on your water.

Do You Lease a Propane "pig" from Westview Co-op?

We have had a request from Westview Co-op to have all residents who lease a propane "pig" with them to contact them and provide updated contact and credit information. Go to their site: <http://www.westviewcoop.ca> for more information.

Vandalism???

Oops! A short while ago a report was made regarding what was perceived to be vandalism in the front washroom facility. It turned out that it was merely an accident. No vandalism occurred.

Estoppel

Are you selling your property? If you are, please ask the gents looking after Rules and Regulations to check over your site. That way you can be sure that all is compliant and there will be no surprises when an estoppel is requested to complete the sale.

Thank You

A special *thank you* goes out to our many volunteers for the projects undertaken this year, from tree trimming to painting signs and decks, landscaping and water shut down to just name a few. We would like to recognize your fellow Owners who have given up their time to the park this summer. We are grateful to all of you. ***Volunteers Rule!***

A Very Special Thank You to the Social Committee

The Board of Directors would like to thank the Social Committee for their VERY generous donation of \$1,200 towards the WiFi project. The team works hard every year to raise funds to pay for social events for all residents. We look forward to working more with them in 2016. Visit their site here for more information: <http://riversidervillage.com/Riverside/SocialComm.html>
