

Riverside RV Village Update

News from the AGM

Board of Directors

Thank you to Gary Coombe and Ford Mallett, who resigned their positions on the Board. These two gentlemen contributed greatly to the functioning of our park and we appreciate their time, expertise and dedication. Two members of the previous Board were re-elected to join three members whose terms were not completed and as well we welcome two new members to the team.

Your new Board of Directors is:

Rob Berlando - President
Tanya Boudreault - Vice President
Valerie Summers - Treasurer
Linda Muggleston - Secretary
Bev McAllister - Park Operations
Vince Kostaskey - Park Operations
Pete Threlfall - Park Operations

The first meeting of the new board will occur in the next few weeks and a more comprehensive newsletter will be sent out after that event. Stay posted.

Internet Pilot Project

As was communicated at the AGM our internet pilot project is now closed. The Board agreed last year with Owners that no further spending on this project would occur. That is what the Board has complied with. Moving forward if you try the internet and you are able to get a connection then go ahead and use it. If you are unable to get a connection please do not contact Gary Coombe or the Board as we will no longer be able to offer support in making the WiFi work. Emails to riverrv regarding the internet will not be responded to. Owners are free to contact independent WiFi suppliers on a individual basis. A connection to the park WiFi can still be accessed at the front laundry and washroom facility just as it was in the past. The password will be what is currently in use.

AGM Minutes

Unapproved minutes of the complete 2017 Annual General Meeting will be posted on riversidervillage.com as soon as they are available so that Owners can review meeting information.
